

Twinfield Solar Planning Group
Notes of 9/22/14 Meeting

Attending: Nancy Thomas, Charlie Wanzer, Rich Phillips, Ed Hutchinson, Anne Miller

Convene: 3:10 PM

Adjourn: 3:50 PM

Business:

- 1) Nancy explained the "Model Agreement" being developed at the state level has not progressed and that we should proceed with the Twinfield project without waiting
- 2) We read through and discussed the latest version of the RFI and made some changes/additions. We added contact information and a Field Visit date. Members of the group were satisfied with the document. Rich will update.
- 3) We tentatively decided to have the RFI responses due by November 1st and distribute to several companies providing financing or installation of such projects and by newspaper advertisement. Rich will develop the list.
- 4) We decided to bring the RFI before the Board on 9/23/14 for approval to issue so we could issue the RFI in the next week or two. (The board approved issuance of the RFI at that meeting)
